A Simple Idea **The Only IT Security System you will ever need to buy.**

To be innovate, and creative to invent a Universal Security System (USS) to fit all Computers.

The Brief:

- Must Fit All Computers (Old, Current and Future Models)
- Must be a comprehensive solution where the end-user needs no extra parts.
- Must be Secure and work - with fitting time in minutes.
- Must be Future-proofed.
- Must be Re-moveable without damaging the equipment.
- Must be Reusable – to be reused on future equipment.
- Must have Zero Returns.

The Universal Security System USS

Works with PC, and TFT Monitors, Notebook, Netbook, Projector, Portable External Hard Disk, Flat Screen TV, xBox 360.

USS is a comprehensive kit that requires no extra parts. It can be supplied Keyed Alike (Same Key) or Keyed to differ.

The Only IT Security System you will ever need to buy. Can be Reused Again and Again, and Again

Comes with "Peace of Mind" Built in.
